Subject: Congratulations! Job Offer from Brise Hospitality Management Opc Private Limited (Avena)

Dear Rahat Newaz Sikder,

We are pleased to offer you the position of Full Stack Developer at Brise Hospitality Management Opc Private Limited (Avena). After careful consideration, we're confident that you possess the skills and experience necessary to excel in this role.

As the Full Stack Developer, you will be responsible for complete development of web applications, from the user-facing front-end to the back-end server and database. This includes designing user interactions, developing both front-end and back-end code, managing databases, and ensuring cross-platform functionality. You will be reporting to Rahil Ansari (Senior Web Developer).

The details of your compensation and benefits package are as follows:
Position Details:
- Job Title: Full Stack Developer
- Reporting Structure: You will report directly to Rahil Ansari (Senior Web Developer)
- Start Date: 14th April, 2025
- Work Mode: Remote

Compensation:
- Base Salary: Rs. 15000/- per month)

Responsibilities:
Front-end Development:

- User Interface (UI) Design: Designing and implementing the user interface, including layout, navigation, and visual elements.
- Coding: Writing front-end code using languages like HTML, CSS, and JavaScript, and frameworks like React, Angular, or Vue.
- Client-Side Logic: Implementing client-side logic to enhance user experience and interactivity.
- Cross-Platform Optimization: Ensuring websites and applications function correctly across various browsers and devices.

Back-end Development:

- Server-Side Logic: Writing back-end code using languages like Python, Java, PHP, or Ruby, and frameworks like Node.js, Django, or Spring.
- Database Management: Designing, creating, and managing databases to store and retrieve data.
- API Development: Building APIs for communication between the front-end and back-end.
- Server Infrastructure: Setting up and maintaining servers to host web applications.

Other Responsibilities:

- Testing and Debugging: Testing and debugging both front-end and back-end code to ensure functionality and performance.
- Collaboration: Collaborating with other developers, designers, and project managers.
- Documentation: Writing technical documentation for web applications.
- Continuous Learning: Staying up-to-date with the latest web technologies and trends.

To officially accept this offer, please sign and return the attached offer letter by 13th April, 2025. We will then provide you with further details regarding on boarding and any necessary paperwork.

We are very excited about the prospect of you joining our team and contributing to the success of Brise Hospitality Management Opc Private Limited (Avena). If you have any questions or require further information, please do not hesitate to contact.

Sincerely,

Darshana Dulare
